NEW FREQUENCIES BEING PASSED TO EARTH THROUGH DIFFERENT COMMUNITIES

THE ENERGIES OF THE GURU GOBIND SINGH GREET YOU.

Different communities are now beginning to spread certain frequencies worldwide. Yes, these frequencies are being disseminated through the various members of each community; but naturally they are for the benefit for *all* human beings. Each member of the community will unconsciously be an energy conduit for certain energies.

This is in keeping with our series on inter-dimensionality. Through these frequencies different dimensional aspects of the self, in this very incarnation, are going to be further stimulated and upgraded.

What we are about to describe is very current: these frequencies have been initiated during the last two weeks. Not all are starting immediately; some will be initiated over the next few weeks.

So, the frequencies being passed through all members of the Sikh community, for the benefit of the entire human race, are those of *focus, endeavor and courage*.

Focus: this will help you streamline your energies in any way you desire, to achieve an outcome of your choice.

Endeavor: will give you the desire and the impetus to move forward and be pro-active.

Courage: This goes beyond the usual meaning of the word. Yes; this naturally includes bravely facing your fears and the unknown. But we refer to the inner certainty of “*I can do it; I deserve it, because I am worth it.*” It requires courage to be able to admit this to the self and to believe it.

Friends, all the frequencies being discussed are going to be disseminated by all members of each community as well as those who are not, but are energetically attracted to its Master.

We urge all of you to open to these frequencies. Enjoy them and benefit from them. All you need to do is sit quietly for a couple of minutes and say “Guru Gobind Singh, I open to these frequencies and welcome them in my structure”; or any such statement of your own making. It’s as simple as that.

Any questions?

It’s beautiful that Guru Gobind Singh is the guide for these new frequencies, as he is a Master who facilitates re-structure. This is perfect for our growth and our inter-dimensionality.

Yes, you are correct. The Guru Gobind Singh, during 2018 and 2019, continues to joyously offer his energies to anyone on Earth who chooses to restructure the self. He is a ‘spiritual architect’.

BLESSINGS.

THE ENERGIES OF THE CHRIST OFFICE GREET YOU TODAY.

This, of course, includes the frequencies of the Lord Jesus Christ, Mother Mary, Archangel Michael and St. Germain, among many others. The St. Germain speaks through him now.

The Christ Office offers humanity a new and exciting frequency. We are not speaking of Love and Compassion, although that always flows and will always continue to flow through the Christ Office.

This year, the thrust being offered is one very dear to St. Germain: ***the opportunity to truly merge matter with spirit.*** These energies will urge you to live your daily lives fully, to enjoy all its pleasures, such as emotional and financial abundance, fulfilling relationships and the like; and yet to find spiritual awareness and enlightenment within all of this. If you open to these frequencies, you will find yourselves infusing daily activities with levels of higher consciousness.

Call on us when you are next at a social event or a business meeting. You will find far more meaning, depth and flow in the event. You might find yourself sharing wisdom and knowledge (or being the recipient of this) in the most delightful, easy and casual manner.

BLESSINGS.

SAI KA PRANAAM.

The energies of Sai Baba will, starting next month, be blessing the Planet with ***the energies of wisdom, knowledge, awareness and the ability to ‘think outside the box’***. Call on these frequencies when you wish to expand the mental body and your levels of consciousness.

The next time you find yourself asking a question like “Why is this happening to me? I just don’t understand it!”, instantly call on the Sai’s new frequencies and the answer will come to you directly, or through a friend, or a book, or a message.

In general, if you are genuinely open to our frequencies, the response will come within 24 hours. But you have to listen for it.

Blessings.

THE UNIVERSAL MOHAMMED SPEAKS.

This community will be energetically spreading new frequencies that deal with ***stimulating your artistic qualities***: music, poetry, dance, painting, sculpture, literature and so on.

If you open to these frequencies, you will find a new, elevated sense of artistry arising within the self; ones which you can use to your benefit in all that you say and do. They will colour your daily lives.

We sense a resistance to our frequencies. Please open to us. We understand that your resistance comes from your knowledge of wayward members of the community. Do not confuse them with the

true flow: union, oneness, brotherhood, music, poetry,
literature...flow.

BLESSINGS.

THE MEHER BABA BLESSES YOU!

The Zoroastrian community, coupled with those who appreciate our energies, will now be conduits of frequencies that ***promote expansion of the self***. Expansion in any and every way you choose: mental expansion, emotional expansion, financial expansion, creative expansion, practical expansion and so on.

Enjoy them; they are ***frequencies of pure abundance***. Use them at will.

You have not made your presence felt at our meetings for a very long time. Where have you been? (Laughter)

We have not been 'away'! Our energies are always present in this room. It is just that we do not speak at every session.

Many of you are now learning to connect with our higher frequencies, which we call the Cosmic Meher. Others on earth still need our lower, denser frequencies. This is causing a 'split'. There will be rifts in the Meher Baba followers over this. So be it. But growth has to take place.

BLESSINGS.

THE SHIV COLLECTIVE GREETES YOU.

Our energies are not working through any particular community; we are working directly with every human being this year, without exception. Every human's higher soul has invited us in.

We are working to help you achieve ***a better yin-yang balance within the self***. Be aware of this, and do not resist us. If you do, you will experience tremendous internal discomfort. Work with both aspects at all times: the feminine creative and the masculine initiative. This is now a necessity, as a new balance has to be struck on Planet Earth *this year itself*.

You all now have a personal connection with the Shiv collective. Joyously make use of it.

BLESSINGS.
